## **BRAND NEW PROGRAM**

The majority of Traders contacting us have an interest in automating GANN Analysis. That is why they come to us.

But then they are overwhelmed by the variety of available tools. The choices each approach presents seems like too much work. This, of course has nothing to do with GATE, but everything to do with Gann analysis. W.D. Gann was a master at many levels. To be able to achieve

what he achieved, a trader needs to be masterful at many levels and with many tools.

We at GATE Systems want to make this possible for you. To serve this purpose we are launching a new program GATE9+9. With this Program, our aim is to make life simple for you.

★ First step of simplifying your life: you do not have to choose what module, what component of GATE you need. We will give you EVERYTHING.

★ Second step is for us to hold your hand by showing you, through twelve webinars, held once a month, how to apply key techniques. Studying theory alone is not going to be enough for you to have the trust and confidence in these tools. You need practical application.

Please understand that even if we held forty eight webinar sessions instead of twelve, you still could (would) find more ways to use GATE. So these twelve webinar sessions are our gift to you as your foundation.

★ Third step - time to practice. We are spreading this over a year so you can apply and practice each skill rather than be overwhelmed by being exposed to multiple techniques in a two or three day seminar.

★ Forth step - No additional travel costs. The main component of GATE9+9 is the monthly webinar sessions which will give you more than eighteen hours (twelve sessions x ninety minutes) of tuition. This is equivalent of a three day workshop and you do not even have to travel to attend (no airfares, no hotel costs, no taxi fares, no meal costs, no loss of productivity, no need to take days off work).

Sign up now at: <http://bit.ly/gate99>

To watch the Launch Webinar go to: <http://vimeo.com/44366527>

You can watch these webinar sessions as many times as you need.

How much would you invest in eighteen hours of tuition? This is equal in number of hours to a three day workshop. \$4,000? \$5,000? No we are not asking for that much. But for your own benefit, assess and set a value for this program.

★ Fifth Step - The complete package Plus you get the full suite of GATE tools and techniques. EVERYTHING:

1. W.D Gann's odds Square, Square of 9: Any market, any increment, time and price
2. W.D Gann's evens Square, Square of 4: Any market, any increment, time and price
3. W.D Gann's Trend Line Indicator (Swing Charts): Single or multiday, single or multi-week, Monthly, Yearly, time and price
4. Cycle Finder: Extract major cycles in price and multiple time frames
5. Market Heartbeat: the key to cycles within cycles
6. What if? Analysis with Risk and Reward Calculators
7. Wall Charts: view markets from different cycle perspectives
8. Compare years with other years, compare seven year cycles, compare ten year cycles
9. Statistical Analysis: which days of the month, which days of the week, which months of the year show turns in the market
10. Price Clustering and Price Projections
11. Square Time, Price Highs Lows and study past performance for reliability
12. Analyse Price moves and their frequency
13. Swing Analysis: when and how many times did my market make a similar move
14. What does the month ahead hold? Which dates do cycles line up on?
15. Count days from Previous Tops and Bottoms
16. List Seasonal Dates based on Ephemeris
17. W.D. Gann's Fluctuation Cards (Price Resistance and Support)
18. Estimate probable future turns using Cycle Predictor
19. Gann Emblem dates: 120°, 90° and 45° calculated from key Pivot Points
20. Assess which Gann Angles touch the Tops and Bottoms in any market
21. Zero Date Calculator - Confirm a future date by showing past cycles that are in harmony
22. Trend Line Calculator - Work out a future Price based on an existing Highs or Lows
23. System Optimisation using Moving Averages

Sign up now at: <http://bit.ly/gate99>

To watch the Launch Webinar go to: <http://vimeo.com/44366527>

#### 24. System Optimisation using Channel Breakout

Plus you get a comprehensive set of videos that cover each tool.

Plus you will get premium email support from the founder of GATE systems and developer of the code.

★ Sixth Step - Value for money. Let's just say that we want to make GATE9+9 affordable to many. But it is not free, and it is not dirt cheap. If it was, you would not value it.

We will launch this program on Thursday 21 June 2012 with a Web based conference at 8PM Australian Eastern Standard Time. We will open the registrations on that day and you will have the opportunity to join GATE9+9. We will only accept limited number of traders due to Webinar capacity.

PS: In the webinar sessions, we will cover and discuss how to use GATE in your trading analysis. We will not be giving trade recommendations or buy/sell advice or forecasts. GATE9+9 is an education program in GANN analysis using GATE, not trading or investment advice.

PPS: You may be saying "But I already invested in GATE". While GATE9+9 is a brand new service offer of eighteen hours of Webinar tuition + Premium Email Support + GATE Product, we will honour your prior investments. We will do this by giving you credit for half of what you already invested in GATE towards GATE9+9. If you invested \$300, we will shave off \$150. If you invested \$1000, we will knock off \$500. We will also throw in a "surprise" bonus. This is our way of saying thank you.
